

Southwest Ohio Branch

Calibration Cruise-In

Southwest Ohio is hosting a **Calibration Cruise- In**. This is a Train the Trainer event to help agencies learn how to calibrate their salt distributors for optimum effectiveness. We anticipate having salt system setups from (Force, Certified Power, and Pengwyn) available and attendees will watch and learn how said systems are calibrated. Manufacturer representatives will be on-hand to answer questions about calibrating the trucks to optimize salt use.

If you would like to provide **ONE (1)** of your trucks for this program, please submit the attached Pre-Registration Form. As we want to demonstrate calibration of a variety of systems, ***PREREGISTRATION IS NOT REQUIRED BUT ENCOURAGED.***

Calibrations will take place all day. Come for one or stay for all.

Dates: Thursday, October 29th 2026

Time: 9:30AM – 2:30 PM Calibration

Location: Butler County Engineers Garage
1921 Fairgrove Avenue, Hamilton OH 45011

Cost: FREE (Lunch is on your own)

RSVP: Please RSVP to Josh DeHart at jdehart@blueash.com

Sponsored by the SWO Branch of APWA
